

Science, Grade: 7  
Benchmark #: 2.3.3

Mastery Check \_\_\_\_\_

**State Language:**

The student recognizes and describes examples of Newton's Laws of Motion.

**Student Friendly Language:**

I will identify and describe examples of Newton's Laws of Motion.

**Concept** (Students will know):

Newton's three laws of motion.  
How to determine net force.  
balanced and unbalanced forces.

**Skills** (Students will do):

Recognize  
Describe

**DOK Level:**

**1**

**Big Ideas:**

The motion of an object is determined by forces.

**Essential Questions:**

What are Newton's three laws of motion?

How have you used Newton's three laws of motion today?

**Core Materials**

**Supplemental Materials:**
